Publications in International Journals

21. M. Vamvakari, On Continuous Limiting Behaviour for the \( q(n) \)-Binomial Distribution \( q(n) \to 1 \) as \( n \to \infty \), \textit{Applied Mathematics}, 3 (12), 2101-2108, 2012.

**Publications in Proceedings of International Conferences**

8. A. Kyriakoussis and M. Vamvakari, On Local Limit Theorems for $q(n)$-Hypergeometric Series Distributions with $q(n)\to 1$ as $n\to \infty$. Accepted for publication in *Proc. 8th Edition of the Conference GASCom on Random Generation of Combinatorial Structures (GaSCom 2012)* (Bordeaux 2012), pp. 1-8.

**Announcements in International Conferences**

9. F. Bersimis, D. Panagiotakos and M. Vamvakari, Sensitivity of health-related scales is a increasing function of their partitions. Presented at the 2nd Stochastic Modeling Techniques and Data Analysis International Conference (SMTDA2012), Chania, Greece, 5-8 June 2012.
